

O Say Can You See: Vision Care for Veterans

Live Webinar
August 18, 2021

Overview

When it comes to eyecare, US Veterans are an often-missed population. For those who qualify for VA health care benefits, the VA will cover some or all of vision care. However, the majority of Veterans do not go to VA hospitals for eyecare and many are not being diagnosed properly. This educational activity aims to inform eyecare practitioners how to identify Veteran's patients and provide care.

Target Audience

The target audience is comprehensive ophthalmologists, retina specialists, retina fellows, residents and students, optometrists, ophthalmic techs, nurses and other eyecare healthcare providers.

Learning Objectives

Upon completion of this conference, participants should be able to:

- Identify patients who are Veterans
- Screen for eye conditions prevalent among Veterans
- Manage Veterans with eye disease using the appropriate screening tools and technology for retina diseases
- Discuss treatment options for neovascular age related macular degeneration (AMD) and diabetic retinopathy (DR)

Method of Participation

Statements of credit will be awarded based on the participant's attendance. A statement of credit will be available upon completion of an online evaluation/claim credit form available at:

<https://ivista.digitellinc.com/ivista/live/107/page/557>

Please claim your credit by August 31, 2021.

If you have questions about this CE activity, please contact AKH Inc at JGoldman@akhcme.com.

CE credit provided by AKH Inc., Advancing Knowledge in Healthcare. This activity is jointly-provided by AKH Inc., Advancing Knowledge in Healthcare and iVista Medical Education, Inc.

JOINTLY ACCREDITED PROVIDER *
